

BITE-SIZE LEARNING

TIME MANAGEMENT

Bite-sized training sessions: manageable portions of expertise, designed to fit in a lunch hour.

We look forward to joining you for this bite-size learning

What is bite-size learning?

If times are hard, the training budget is one of the first things to feel the squeeze. Yet research shows that those organisations who choose to continue with their learning and development plans out-perform those who do not. Bite-size learning is a great way to keep on top of training efficiently and cost-effectively.

Designed by Dr Lesley Aitcheson and Cerulean's team of learning & development specialists, our bite-size learning has a proven record with many organisations including top universities, charities, trusts, corporations, and councils.

Time Management

Most people have a sense of what they could/should do to manage their time better.

This session explores what stops us how we can motivate ourselves to make better use of our precious time! Once we understand our blockers, we can adapt the way we work to get the best out of ourselves and our teams.

We will also provide you with loads of tools and time management tips to try to help you set new habits and keep the momentum going. In just 90 minutes, we help you press the reset button and rethink your approach to managing your time.
